

Logitech® Rechargeable Speaker S715i

Looks like a beauty.
Sounds like a beast.

With its compact design, travel case and rechargeable battery, this high-fidelity speaker lets you play up to 8 straight hours of music wherever you go.

FEATURE AT A GLANCE

Eight custom-tuned speaker drivers

Rock your room or the house party across town with big, balanced sound.

Eight-hour rechargeable battery*

Longer power for mobile music marathons and no disposable battery hassles.

Dock without tray hassles

Works with iPhone and any iPod with a Universal Dock Connector**—no trays to keep track of.

Pack-and-go design

Easy to take along. Included travel case holds the compact speaker, A/C adapter and remote control.

Wireless remote

Control functions like volume, play, pause, shuffle, skip and repeat from up to 30 feet away.

*Actual battery life will vary with use, settings and environmental conditions. Rechargeable batteries have a limited number of charge cycles.

**Supports earlier iPod models (1st generation – 3rd generation) and other portable music players and smartphones via 3.5 mm auxiliary input.

WORKS WITH

Supports iPhone and all iPod models with Universal Dock Connector. **
