

Sharing made simple

Video chatting with friends and family in 720P HD is the next best thing to being there. The HP Webcam HD-2200 lets you chat through Skype[®], Yahoo![®] Messenger, Windows[®] Live Messenger or AOL[®] Instant Messenger (AIM) right out of the box.⁽¹⁾⁽⁴⁾

Plug and play

It's easy to connect face-to-face with friends and family. Because the HP Webcam HD-2200's software and hardware work together out of the box, it's up and running in three simple steps. Once you're up and running, the IM quick launch button on the top of the webcam easily launches your favorite web chat software. The HP Webcam HD-2200 clips to your laptop or Monitor, sits on any flat surface and easily swivels up, down, left and right. Share the world around you with the people you love.

The next best thing to being there

Whether you want to chat live or shoot a video clip, the 1280 x 720 image sensor and high-speed USB 2.0 captures and displays smooth and natural body motion to give you crisp, clear images. Capture true-to-life sound with the built-in microphone. Want to post or share a video? Included software allows you to simply upload your content to YouTube[™].⁽⁴⁾ The HP Webcam HD-2200 will also capture 4-megapixel still photos for you to save or share.⁽³⁾

Great Value

With 720P HD resolution and a comprehensive and easy-to-use software suite, the HP Webcam HD-2200 offers great value for the money for video chatting, taking 4MP photos, and creating, emailing or posting video blogs.⁽⁴⁾
