Los relojes de Quiksilver están garantizados contra defectos de materiales y fabricación en unas condiciones normales de uso por un periodo de 2 años (en el caso de la pila este periodo se reduce a un año) a partir de la fecha de compra. Durante este periodo, solo el mecanismo, la esfera, la corona y las agujas están garantizados. La caja, la correa, los botones y el cristal no están garantizados. La estanqueidad está garantizada de por vida únicamente en modelos de mas de 5ATM o 50m (normativa mundial de medición de estanqueidad). La garantía no es aplicable si ha sido dañado por accidente, negligencia o mal uso.

Tutti gli orologi Quiksilver sono coperti da una garanzia di 2 anni dal momento dell'acquisto contro difetti di materiali e difetti di fabbricazione. La garanzia copre il movimento, le lancette, il quadrante all'interno del vetro. La garanzia non copre: la cassa esterna, il cristallo, la batteria ed il cinturino. Incidenti, servizi non autorizzati, maltrattamenti e lacerazioni non sono coperti da garanzia. Per esempio aprire il dietro della cassa, premere un bottone in acqua.

L'apertura della cassa dell'orologio effettuata da un non autorizzato, invalida la garanzia. L'utilizzo dei pulsanti in acqua, in orologi 20 atm e meno, rende nulla la garanzia.

1. Chiama Quiksilver allo **0033558418999** o connettersi su **<http://sav.quiksilver-tech.com>** e richiedete il **RETURN AUTHORIZATION NUMBER (RA#)**.

5. Vi raccomandiamo di spedire l'orologio con un trasportatore che vi rilascerà la ricevuta di spedizione. Non accetteremo alcuna responsabilità di perdita o furto durante il trasporto.

Alle Quiksilver Uhren bieten dem Käufer ab dem Tag des Kaufdatums eine eingeschränkte zweijährige Garantie gegen Material- und Verarbeitungsfehler. Ihre Quiksilver-Garantie deckt Schäden am Laufwerk, der Zeiger und des Ziffernblattes ab. Wie bei allen anderen Uhren sind Schäden am Gehäuse, des Glases, der Batterie oder des Uhrbandes von unseren Garantie-Leistungen ausgeschlossen. Normale Gebrauchsspuren und Kratzer, Unfälle, nicht autorisierter Service oder falsche Handhabung sind von der Garantie ausgeschlossen. Das Öffnen der Gehäuserückseite oder zum Beispiel das Drücken der Knöpfe unter Wasser führen zur Unwirksamkeit der Garantie. Garantieanspruchnahme ist nur möglich bei Vorlage eines Kaufnachweises von einem autorisierten Quiksilver-Händler.

Das Öffnen des Uhrengehäuses durch eine nicht autorisierte Einrichtung führt zum Verlust des Garantieanspruchs. Das Betätigen der Uhrenknöpfe im Wasser führt bei Modellen mit einer Wasserdichtigkeit von 20 ATM, oder weniger zur Unwirksamkeit der Garantie.

Alle Quiksilver klokker har to (2) års garanti fra kjøpsdato. Garantien gjelder for materialdefekter og produksjonsfeil. Quiksilver garantien dekker urverk, visere og urskiven på klokken. Som ved alle klokker dekker ikke garantien klokkekassen, glasset, batteriet eller remmen/lenken. Normalt bruk, ulykker eller ikke-autoriserte reparasjoner blir ikke dekket av garantien. For eksempel, åpning av kassen under vann eller trykking på knapper under vann vil ikke dekkes av garantien. Garantien gjelder kun dersom garantiseddelen produsert av en autorisert Quiksilver forhandler følger klokken.

Hvis klokken åpnes eller blir forsøkt reparert av uautoriserte personer vil garantien opphøre. For klokker med 20 ATM eller lavere, vil garantien opphøre dersom klokkeknappene blir brukt under vann.

Hvis klokken din møter de ovennevnte kriteriene for garanti eller klokken din trenger servicering, gjør følgende:

1. Pakk klokken godt inn i en beskyttende boks. Skriv en kort forklaring av problemet eller reparasjonen du etterspør.
2. Send klokken til:

Agenta Group
Tyggarden 4
SE45134 UDDEVALLA
SWEDEN

4. Hvis din klokke ikke dekkes av garantien, vil du få et estimert beløp for reparasjonen. Du kan da velge hvorvidt du vil gjennomføre denne. Hvis klokken er under garanti, men ikke kan repareres, påtar vi oss å finne en ny og tilsvarende modell til samme, eller høyere pris, hvis den opprinnelige modellen ikke er tilgjengelig.
5. Vi anbefaler på det sterkeste at klokka sendes med et transportfirma som kan stå ansvarlig for leveransen. Vi står ikke ansvarlig for gods som blir borte under transporten.

SWEDEN

Vid köp av alla Quiksilver klockor har köparen rätt till två (2) års garanti från datum vid köpet i butik. Det täcker skador i material och eventuella fel vid tillverkningen. Din Quiksilver garanti täcker problem med visare, urverk och urtavla på klockan. Garantin täcker inte boetten, glaset, batteriet eller armbandet. Felaktig användning, slitage, olyckor eller service gjord hos ej auktoriserad återförsäljare täcks inte av garantin. Om till exempel baksidan har öppnats eller knapparna har tryckts på under vatten gäller inte heller garantin. Godkännande sker endast med ett kvitto ifrån en auktoriserad Quiksilver återförsäljare.

Garantin gäller inte om klockan skulle ha öppnats av en icke auktoriserad urmakare. För vattentäta klockor 20 ATM och under, gäller inte garantin om man har tryckt på knapparna under vatten.

Om din klocka uppfyller krav på att lämnas in för garantireparation eller om din klocka behöver service gör något av följande:

1. Ring till Quiksilver på telefon **+33 5 58 41 89 99** eller koppla upp dig via internet på **<http://sav.quiksilver-tech.com>** och begär ett kontrollnummer (**RETURN AUTHORIZATION NUMBER** som förkortas RA#).
2. Packa klockan i en ordentligt skyddande låda. Bifoga **kontrollnumret**, garantibevis och kvitto. Skicka också med en beskrivning på felet och servicen som klockan behöver.
3. Skicka klockan till:

Agentia Group
Tyggården 4
SE45134 UDDEVALLA
SWEDEN

4. Om skadan på din klocka inte täcks av garantin, kommer du att få en ungefärlig kostnad på reparationen som du kan godkänna eller avböja. Om vi anser att skadan går under garantin och klockan inte kan lagas så förbehåller vi oss rätten att ersätta dig med en liknade modell till samma värde om inte samma modell finns kvar.

5. Vi ansvarar ej för försvunnen klocka under transport till oss. Vi rekommenderar att ni skickar en klocka för reparation genom ett transportföretag som kan ge dig ett bevis på att godset är mottaget av oss.
