		> 5,000 g	€7.50* + €1.50 per kg	€18.75 + €3.75 per kg

\*For the first 5 kg + €1.50per additional kg.

Note: For on Amazon orders, the Outbound Shipping Weight will be rounded up to the nearest gramme. The weight handling fee will be calculated by adding the outbound shipping weight, which is the combined weight value assigned to the unit plus the packaging weight (box + packing material). The packaging weight applied will be 100 g for a large envelope and, 125 g for standard shipping. However, if the dimensional weight is larger, the dimensional weight will be taken into account. Dimensional weight is calculated as length x width x height in cm divided by 6 plus the packaging weight (100 g for large envelope and 125 g for standard-size).

For Multi-Channel Fulfilment, weight handling determine a shipping method. For shipments with mixed unit types, use the highest applicable fee. Total shipment weight is calculated by adding a dunnage factor of 10% to the combined total of the individual unit weight in the shipment. However, if the dimensional weight is larger than the individual unit weight, the dimensional weight will apply. Dimensional weight is calculated as length x width x height divided by 6 with addition of a 10% dunnage factor.

## Inventory Storage

Storage fees are charged for all Units stored in an Amazon fulfilment centre based on each calendar month and your daily average volume (measured in cubic metres). The volume of any Unit will be based on the Unit's size as properly packaged and ready for shipment to customers in accordance with the FBA Programme Policies. Amazon will be entitled to make its own measurement of the volume or weight of any packaged Unit or representative sample thereof and in the event of any conflict between such measurement and information provided by Seller, Amazon's measurement will govern.

A semi-annual Long-Term Storage fee of €1,000 per cubic metre will be applied to any Units that have been stored in an Amazon fulfilment centre for one year or longer. The fee is in addition to the regular Inventory Storage Fee and will not be charged if a request has been made to remove or dispose of the Units prior to the fee being charged. Each seller may maintain a single Unit of each ASIN in its inventory, which will be exempted from the annual Long-Term Storage fee.

## Frequently Asked Questions

**Q: Am I restricted on the types of products I can fulfil through FBA?**

A: Yes. Please consult the [FBA Programme Policies](#) for detailed information about product restrictions. The maximum weight for any single Unit to be fulfilled by Amazon is 30 kg. While we can not have units over 30 kg, we can have shipments over 30 kg (i.e. 3 units of a 15,000 g item).

**Q: What is FBA's policy for customer returns and inventory that is lost or damaged?**

A: We maintain high standards when it comes to taking care of your inventory. However, occasionally accidents do happen. Learn more about FBA's [Lost and Damaged Inventory Reimbursement Policy](#).

**Q: Do I still pay Selling on Amazon fees?**

A: Selling on Amazon Fees only apply to orders placed on Amazon.es and not for Multi-Channel Fulfilment orders. For current selling plan features and prices, please visit [Selling on Amazon Fees](#).

**Q: Can Oversize Units be shipped together with Standard-Size Units?**

A: Each Oversize Unit is generally sent as a single shipment in its own package; therefore Amazon does not aggregate the fees for multiple-Unit orders that include Oversize Units. When calculating the fulfilment fees for orders that include Oversize Units, each Oversize Unit in the order is assessed the applicable fulfilment fee as a unique order.

# Fulfilment by Amazon Programme in Spain - European Fulfilment Network Service

With Amazon's European Fulfilment Network (EFN), sellers who are registered for Fulfilment by Amazon in Germany, France, UK and Italy can ship their products to Amazon Fulfilment Centres in Germany, France, UK and Italy. If they so configure their account, these products are subsequently made available and delivered directly to customers purchasing on Amazon.es. For these transactions, sellers will pay the standard Spain Sell on Amazon commission and FBA fees plus an EFN surcharge, levied at the shipment level, that is specific to each fulfilment country. This page covers the additional EFN fee which is on top of the standard Spanish Fulfilment by Amazon fees covered in the previous pages of this rate card. All fees are exclusive of VAT and other taxes which are payable by the merchant.

## Frequently Asked Questions

**Q: Can I charge different prices for the same product on different marketplaces with my Amazon Europe Marketplaces Account?**

A: Yes, you can charge different prices for the same product in Germany, France, Italy, UK, and Spain (which may include your EFN fees, which in the majority of cases are more attractive than local international postage fees). For each product you want to sell, you need to create and upload a localised listing to each marketplace.

**Q: Am I obliged to use EFN to fulfil my international FBA orders?**

A: No, if you have already registered or wish to register with a separate account to sell on and use FBA in another Amazon EU marketplace as a local seller you can do so. You will of course need to send inventory to Amazon fulfilment centres in the other EU Marketplaces you wish to sell in and manage separate inventory pools.

**Q: Are there any tax implications if I use EFN?**

A: We advise you to check with your tax advisor concerning tax implications and to comply accordingly.

# Fulfilment by Amazon Programme in Spain – Export for Multi-Channel Fulfilment in the EU

Multi-Channel Fulfilment fees cover delivery of orders placed through other sales channels such as a seller's own site, another third party platform, catalogue or even in-store sales. Sellers can choose to use their stock in Amazon's fulfilment centres to fulfil part or all of their orders originating from off Amazon channels. For fulfilment of Multi-Channel orders on a seller's home market place eg a Spanish seller requesting delivery to an off Amazon customer within Spain, please refer to the pages 2, 3 and 4 of this rate card, and choose the appropriate category i.e. standard-size media, standard-size non-media and oversize media and non-media.
